

Name: Rahul Kumar

Career Objective:

Interested in Data Analyst roles involving Python programming and data analysis.

Education:

B.Tech Computer Science

Skills:

Python

SQL

Excel

Pandas

NumPy

Machine Learning

Data Analysis

Experience:

AI Intern

Responsibilities:

Worked with datasets

Performed basic preprocessing

Used Python libraries

Projects:

House Price Prediction

CNN Image Classification

Technical Knowledge:

Data Processing

Machine Learning Algorithms

Python Libraries

Tools & Technologies:

Python

Jupyter Notebook

Scikit-Learn

Soft Skills:

Problem Solving

Communication
