

Name: Kiran Kumar

Career Objective:

Looking for opportunities in Data Analytics and Machine Learning where I can apply programming and analytical skills.

Education:

B.Tech Computer Science

Skills:

Python

SQL

Pandas

NumPy

Excel

Data Analysis

Data Visualization

Machine Learning

Statistics

Experience:

Data Analytics Intern

Responsibilities:

Worked on data processing tasks

Cleaned datasets using Python libraries

Performed analysis on structured data

Projects:

Data Analysis Project

Predictive Analytics System

CNN Image Classification

Technical Knowledge:

Data Processing

Feature Engineering

Machine Learning Models

Data Visualization

Tools & Technologies:

Python

SQL

Excel

Jupyter Notebook

Pandas

NumPy

TensorFlow

Soft Skills:

Analytical Thinking

Adaptability

Team Work
